About me

I have completed my formal education in B.Sc., and it is nothing to do with SEO. In 2019, I watch a random video on YouTube about SEO at that point it sounds cool to me So I start learning more to implement my learning I started blogging I made multiple blogging sites, this is a sample site of mine (<https://bestgamingaccessories.in/>) Here I learn about On-page, and then I start doing freelancing where I build sites for my clients and sometimes building backlinks for them this kind of works clears me knowledge of Technical and Off-page SEO.
